Fort Worth - John Wayne, a legendary international movie personality, agribusinessman and cattleman, will make a special appearance at the 101st annual convention and trade show of the Texas and Southwestern Cattle Raisers Association, March 28-29 in the San Antonio Convention Center. Wayne, whose 26 Bar registered Hereford ranch in Arizona is respected throughout the Hereford world for its breeding stock, will open the convention and share the platform with another well-known cattleman, John B. Connally, at the kickoff luncheon Monday, March 27. The statesman and former Texas governor will deliver the keynote address to more than 2,500 cattlemen and their families expected at the luncheon. All meetings and most social activities will be held in the San Antonio Convention Center, says TSCRA President J. A. Whittenburg III of Amarillo. All meetings are open to convention registrants. "We are especially honored to have John Wayne with us to celebrate the beginning of our second century of service to cattlemen. What bugs us is how and why so many Food Aid Nut have wormed their way into the Govt. where they are constantly ramrodding their theories and don't it at the expense of the public, when there has been no call for such activity from anyone except their feller hooks which make up such a tiny proportion of the population as to not even be noticeable under ordinary circumstances.

For instance, the other day a fellow name of Gregory J. Ahart, director of the Human Resources Division of the General Accounting Office popped off to a House Subcommittee at the time that up to one-eighth of all the meat and poultry sold in this country may contain pesticides and other (unnamed) contaminants. Ahart went on to say he would consider the Public "at risk" until more is known about long term effects of chemicals on meat and poultry. He echoed the usual food fanatics cry that it was possible (remember, possible) USDA procedures were overlooking some dangers which might (might, remember) cause cancer. Here is a typical broad spectrum indictment of meat & poultry, a panicky set of charges based on groundless guesstimating.

In the first place we don't know how worrisome for the General Accounting Office qualifies Ahart as any kind of expert on food, food chemicals, meat,

poultry, livestock or any segment thereof. Of course, his testimony was nicely timed with similar hearsay statements by Dr. Donald Kennedy of FDA and Mrs. Carol Tucker Foroman of USDA on the same subject.

So, you see how it works. This is called "liming" to set up the notion that what America really needs to give these Burrocrats unlimited funds and a free hand and they'll take our favorite food right out of our mouths. Personally, we feel that we have a perfect right to enjoy ourselves and if we eat our way into an early grave with beef, pork, lamb, poultry & fish, it'll be our funeral and we'd like to be able to enjoy it without basing it to anyone of this Burrocratic Baloney.

Ever think, The Editor.

P.S.: Uncle Dunk figgers if th' Coal Miners decide not to go back to work after th' Phat Contract they are offered it is time for Carter to cancel Th' Hartley. Granted he can't force 'em to mine coal, but th' fines he can lay on th' Union and Union bosses would help th' Treasury. President Truman, no gutless wonder, got th' mine union and John L. Lewis fined millions of dollars and sure took th' fun outta their stub-

Hart Farms Famous Shorthorn Herd Dispersion Mar. 20

Waxahachie — Hart Farms' famous Shorthorn herd will be completely dispersed in a sale that has been rescheduled for March 20. The dispersion was originally scheduled last Oct. 7, but postponed because of extremely dry weather in the area.

Larry A. Hart, Dallas, owner, E. M. (Buck) Bardwell, manager, and Jack Bardwell, herdsman, will have an offering of 160 lots. Everything will sell including the herd sires, foundation females, yearling bulls and heifers.

One of the true changers of the Shorthorn industry, Jibbskot Gladiator "Spider" will sell. Not only has his progeny proven themselves in the showing, but more importantly they have proven themselves as producers. There will be many calves sired by the well-muscled, lean, long and very sound "Spider" in the offering.

An example of the type females selling is Princess Alva 6th, top

selling female in the Graham dispersion. She's one of the best, if not the best, line of females in the Graham herd and is a proven producer.

The Hart Farm herd represents more than 25 years of improvement using the best bloodlines available. Hart Farm has had grand champions from Chicago to Denver and most shows in between, has raised 23 All-Americans, and holds the somerscope record at Chicago. Owner Larry Hart, and manager, Buck Bardwell have both been named Shorthorn Builders of The Breed.

Their most recent major effort in the showing was at the 1977 Pan American Livestock Exposition at the Texas State Fair where Hart's Little Model was named reserve grand champion female. In that show they showed four class winning females and one class winning bull, Heart's Spring Light's. They also had two female class seconds, one bull class second, and second in the best six head of bulls.

Hart's Hercules 2nd, shown by Forbie Polled Shorthorns, Madison, Mo., was judged reserve champion bull calf of the 1978 Southwestern

burg says, "he is a cattleman like our members and I know each will enjoy the other's company."

Opening the convention's first general session on Tuesday morning, March 28, will be Richard A. McDougal, president of the National Cattlemen's Association; Ronald A. Zumbro and Raymond M. Mombosse of the Pacific Legal Foundation, a non-profit legal group active in land use and environmental issues; Texas Governor Dolph Briscoe and

Whittenburg. Addressing the final session Wednesday morning, March 29, will be Don C. King, TSCRA secretary-general manager; Anna Fay Friedlander, editor of Solar Engineering Magazine in Dallas, will speak on solar energy and its application to rural use; and Emma Lee Collier, president of the Texas CowBelles from Wichita Falls.

Speaking at the board of directors' meeting Monday afternoon, March 27, will be Neal Knox, executive director of the National Rifle Association's Institute for Legislative Action, who will discuss current legislation threatening gun control; Topper Thorpe, general manager of NCA's CattleFax; and Jack Barton, president of the Federal Intermediate Credit Bank of Houston.

The annual trade show will feature more than 100 exhibitors including breed associations, animal health companies, feed and seed companies, commodity brokers, boot and western wear dealers, equipment manufacturers, financial and insurance

institutions, state agencies affiliated with agriculture and many others. The arts and crafts area of the trade show has a new section displaying a knifemaking booth and antiques along with the artistic works of major western artists and sculptors.

A highlight of this year's trade show will be the new products area, featuring the latest agri-industry developments.

The Texas CowBelles will hold a mid-year meeting Tuesday, March 28, in conjunction with the TSCRA convention. They are also sponsoring the Texas Beef Cook-off, a statewide competition featuring beef recipes and promoting better understanding of the various cuts of beef, their proper preparation and the beef cattle industry. The contest, held the same day as the meeting, will be in the convention center.

First-place winner will advance to the National Beef Cook-off in Oklahoma City, Okla., Sept. 14-15, 1978.

This year's convention will offer a thorough analysis of current legislative issue and equally valuable projections of what we can expect in the marketplace, Whittenburg says.

Vesper, Chaparras Take Houston Santa Gertrudis Honors

Houston—Fourteen-year-old Kelly Vesper showed the grand champion female in the Houston Stock Show's open Santa Gertrudis show, and Belton K. Johnson's Chaparras Ranch the grand champion bull.

Kelly's grand champion female, "Vesper 114," is a 1600-pound animal that is part of the herd she is building with her father's help at the Vesper Ranch at Cotulla. The Vesper Ranch has been in the family since 1874 and boasts one of the oldest Santa Gertrudis herds.

The Chaparras Ranch was well represented in the winner's circle. It's Miss Masterpiece 5/188 was named reserve grand champion female. A short time later the Chaparras's "Pico Jr 5/89" took grand champion Santa Gertrudis bull honors. This was the eighth grandchampionship for the dark red bull that weighs 2850 pounds and twice has been chosen national Grand Champion Santa Gertrudis Bull.

A third honor also went to the Chaparras Ranch as a group of Johnson's animals won the get-of-Sire class on the get of "Pico 085." George Butler's Mayfair Ranch at Bronham exhibited the reserve grand champion Santa Gertrudis bull, "T51," which has several reserve and grand championships to his credit.

May Ranch's "072" took the best of polled awards; produce of dam placings were Chaparras Ranch, Uvalde, first; Mayfair Ranch, Bronham, second; and Bill Deagan & Sons, Sutherland Springs, third; and get-of-sire placings were Chaparras Ranch, first and second, and Superior Land & Cattle Co., Houston, third.

Record Average For National Polled Hereford Sale

Fort Worth — Five sons of two previous National Polled Hereford champions brought in \$177,000 to lead the breed's 55th Sale of National Sires to a record \$20,273 average. Offspring of WSL PRL Justa Banner and Advancer 228D commanded the top prices Feb. 2 in the concluding event of week-long convention, show and sale activities at the Southwestern Exposition and Fair Stock Show.

Heading the list of \$42,000 for a quarter interest was Will-Via Justa V, consigned by Still Brook Farm, Litchfield, Conn., and Will-Via Hereford Farm, Mooresville, N.C. The April 3, 1977, Justa Banner son sold to Overlook Farm, Little Falls, N.Y.

Close behind at \$41,000 was Victor J Banner 75J, who a day earlier had been named reserve grand champion of the National Show. The quarter interest consigned by Beartooth Ranch, Columbus, Mont., was purchased by Little Beaver Creek Ranches, Russell, Mont.

Other co-owners of the April 5, 1977, Justa Banner son are Robinson's Polled Herefords, Asheville, N.C.; Mont-Vue Farms, Niota, Tenn.; and Glenkirk Farms, Marysville, Mo. Both top sellers were bred by W. L. Teeter's Will-Via Hereford Farm.

With only champions and top-placing animals being eligible for the National Sale, interests in 19 bulls accounted for 12 1/2 lots. The previous record for this annual auction was set in Kansas City in 1975 when 13 1/2 lots averaged \$17,577.

Half interest in Kinnaber Justa 711B3 brought in \$30,000 for BNB Polled Herefords, Elm Creek, Man., and Wooden Shoe Farms, Friday Harbor, Wash. Joining Alfalfa Lawn Farms, Larned, Kan., and Kinnaber Cattle Co., Souris, Man., as co-owners of the March 28, 1977, bull by Justa Banner in purchaser Prime Plus Properties, Winnepesaukee, Man.

AVOID CHANGING WELL LEATHERS FOR MANY YEARS

Perma-cups are molded urethane, more wear resistant than nylon. Perma-cups will outlast leathers 10 to 1. Their tapered design allows only 1/8" wear, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not swell. Install Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't pull that well for many years. Thousands are in wells that have not been re-leathered in 9 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship same-day order to received. This is our 28th year serving ranchers.

- (3) Would you like to cut your feed bills by one-third?
- (4) Are you a small operator and helpless?
- (5) Would you like to have a few cows and enjoy them for a change?
- (6) Would you like to see your banker smile again?
- (7) Would you like some answers now?
